DAILY SUMMARY

Discover Victoria Falls!

Start your day with a visit to the iconic landmark of the area, the Falls. The Victoria Falls, now in its 150 millionth year, reaches its zenith in about May each year. It's a truly awe-inspiring experience - the sight, the sound, the smell; the

humbling feeling that here indeed is nature's supreme masterpiece. Your qualified guide may take you past the 'Big Tree' for photographs, then onwards through the Rainforest for a brief history of the Falls themselves, providing details on other points of interest and the area's flora, fauna, bird and wildlife. No photograph can begin to depict the reality of the Victoria Falls...and nothing prepares you for your first sight.

Round off a magical day with a luxury sunset cruise on the Zambezi Royal. This is a wonderful way to view the scenery of the river, accompanied by gourmet snacks, imported wines and spirits, and superb service. Spectacular African sunsets, flocks of birds skimming the waterline and a variety of game - hippo, crocodiles and elephant - offer great photo opportunities and a relaxing experience.

Day 3: Victoria Falls - Chobe National Park

group basis.)

Welcome to Botswana! Once you have settled in, you can start enjoying the activities included in your stay at Chobe Game Lodge!

Chobe National Park

Chobe National Park features one of the largest concentrations of game in all of Africa. Located in Northern Botswana, it was the country's first National Park and is now the third largest in size and most biologically diverse. For these reasons, Chobe is an essential bucket list destination, while on safari in Botswana. The Chobe floodplains and Chobe River provide a sensitive ecosystem, where the wildlife concentrate during the dry season. It is not uncommon to see between 500 and 5,000 elephants on these floodplains at one time! Between the combination of wildlife, bird life and reptiles that are scattered along the banks of the Chobe River, this National Park is a photographer's dream.

DAILY SUMMARY

Lodge Activities

Chobe Game Lodge offers an exciting variety of land or water-based activities in the Chobe National Park. Early morning and late afternoon game drives are conducted by

expert guides in open-sided 4x4 vehicles, to ensure maximum visibility of the park's spectacular scenery and abundant wildlife. Meanwhile, riverside game viewing may be done from small and highly maneuverable boats, perfect for morning or sunset cruises. Chobe's diverse wildlife roams in abundance and is even home to the largest concentration of elephant in Africa. During the dry season, these large herds, as well as herds of buffalo, congregate on the fertile flood plains along the Chobe River to drink, bathe and play. There are frequent sightings of lion, African wild dog, puku, red lechwe, sable, giraffe and roan antelope as well.

Between safari activities, cool off in the pool or keep an eye out for elephants, hippos and other wildlife that are regularly seen from the lodge. Being the only lodge in the reserve, you will have the benefit of exclusivity before the park gates open to the public. Your fully inclusive stay covers all meals, local brand drinks, two scheduled safari activities daily, National Park fees and laundry. Premium imported wines, champagnes and spirits are excluded. *(This service is on a group basis.)*

Day 6: Chobe National Park - Moremi

Tuesday Jan 28, 2020

Today your adventure continues to the Moremi Game Reserve. From Chobe Game Lodge, you will be transferred to the Kasane Airport in good time for your charter flight to the Xakanaxa Airstrip. Upon arrival, you will be transferred to Camp Moremi. *(This service is on a group basis.)*

Moremi Game Reserve

Moremi Game Reserve is situated in the eastern corner of the Okavango Delta. The Moremi Game Reserve is all about searching for big game, where the habitats are as diverse as the wildlife itself. Water-adapted antelopes and wary-eyed buffaloes spill out into floodplains, behind towering woodlands where leopards hide on the high branches. Dead trees cast silhouettes over elephant-filled savannas a stone's throw from papyrus-fringed channels stretching out to the delta beyond. As Moremi Game Reserve is bound by national park rules, activities here are limited to game drives during hours of daylight with no off-roading, and boat cruises on the permanent channels.

Okavango Delta

The Okavango Delta is one of the world's largest inland deltas situated in the middle of the largest stretch of continuous sand in the world - the Kalahari basin. This oasis in the middle of the desert is a rich yet fragile ecosystem, providing a life source for an incredible variety of wildlife. A wealth of species have adapted to the contrasting conditions created by living in the harsh Kalahari desert which is transformed annually with the arrival of the delta flood waters originating in Angola.
